

## The knowledge of each delivery

*“Processing information consistently with automation enables the business to scale the service”*

said Shoaib Aslam, Managing Director

PEARL  
CHARTERED  
ACCOUNTANTS  
& TAX ADVISERS

Providing services for a wide range of businesses including start-ups, freelance consultants, sole traders, landlords and established businesses, is the heart of Pearl's approach to business.

By investing in technology, Pearl has created an environment that empowers staff to work the broad range of client needs using specialist accounting software such as FreeAgent, Quickbooks, Sage and Xero.

Ether Solutions implemented UiPath to deploy software robots to automate routine tasks, building on top of existing technology. This includes tasks such as submission of “Confirmation Statements” to Companies House and appointment of Pearl as authorised agent for a company.

The effective use of automation is seen as essential to Pearl's business growth plans.
